## OUR COMMUNITY BELL

Far out in the reaches of Heaven,  
on shimmering waves sublime,  
has sounded this bell's clear chiming  
offering praise from restraints of time.

From the chrismed hands of our Founder,  
while the ancient rites he said,  
flowed alchemy of pontifical blessings,  
sacramental grace o'er the bell was spread.

Archbishop Gross, we lovingly thank you  
for this gift and the hundreds more --  
you made firm this foundation to Mary,  
set high aims to be striven for.

May God's angels attend the passage  
of the soul of each humble nun,  
as she flies free, with the bell's solemn tolling --  
a Unity of Beauty, "Well Done."  
Her Sisters in heaven give welcome  
repeating again, "Well done !"

Inscription on Bell:

VENITE EXULTEMUS DOMINO  
JUBILEMUS DEO SALUTARI NOSTRO

(Psalm XCIV)

OUR CONVENT BELL

### **Gift**

The first unit of the Motherhouse had been completed and was dedicated by Archbishop Gross on January 18, 1894. However, no bell was rung on that occasion, for none hung in the tall new belfry. It was four years later when Sister Mary Cecilia's parents, Bruno and Mary Boedigheimer, presented a beautiful new bell to the Sisters.

### **Baptism of the Bell**

The Church sets aside bells and blesses them in a solemn ceremony performed by a bishop. In the prayers of that ceremony, the bishop asks that the sound of the bell may excite devotion and drive away storms and evil spirits. The bell is then washed with holy water, anointed with oil, and incensed. By this baptismal ceremony the bell is consecrated to religious purposes.

### **Date of Christening**

Most Reverend Archbishop Gross blessed our new bell on the Feast of the Assumption of Our Lady, 1898, naming it for Our Lady of Perpetual Help. After the blessing was completed he paused before the gray-haired donors, kneeling humbly by, and placing his hands on their heads gave them a solemn blessing. He then officiated at the ceremonies of reception and profession. This was the last occasion on which the much loved founder of our Congregation officiated in those ceremonies. It was also the first chiming of the new bell.

## EPILOGUE

The beautiful bell named Our Lady of Perpetual Help by our holy founder, Most Reverend Archbishop Gross when he blessed it in 1898 still rings for the joys and sorrows and glories of Our Lady and three times each day recalls them at the sweet sounds of the Angelus bell.

### AVE MARIA BELLS

At dawn, the joyful choir of bells,  
In consecrated citadels,  
Flings on the sweet and drowsy air  
A brief, melodious call to prayer;  
For Mary, Virgin meek and lowly,  
Conceived of the Spirit Holy,  
As the Lord's angel did declare.

At noon, above the fretful street,  
Our souls are lifted to repeat  
The prayer, with low and wistful voice:  
"According to thy word and choice,  
Though sorrowful and heavy laden,  
So be it done to thy Handmaiden";  
Then all the sacred bells rejoice.

At eve with roses in the west,  
The daylight's withering bequest,  
Ring, prayerful bells, while blossom bright  
The stars, the lilies of the night:  
Of all the songs the years have sung us,  
"The Word made Flesh had dwelt among us,"  
Is still our ever-new delight.
